AClST Elections
Friday, March 7
Twenty-Six Men Vie For Top Post
Twenty-Six Men Vie For Top Post

Student body elections will be held next Friday, March 7, with polling booths at the student center, the library, and a booth in the Cygnet Club open from 12:30 to 4:30 p.m. Ballots will be cast for the first time in eight years as students test the fourteen offices up for election. Statements from each candidate are included below, and on page two.

Candidate Profiles

President: Bob Barracough, Bad Mittenthal, Bruce Worchester

Vice-President: Mitch Cotton, Bob Staino

Secretary: Bill Muehlerberg, Frank Bow, Salim Khatami, Forrest Allinder, Bob Poinexter

Exp. Rep. Bill Shippee, Bill Smythe

Asst. Myron Arcand, Mike Sehler, Dave Warren

Rally Commissioner: Jack Otdie

Publicity Manager: Bill Karney

Athletic Manager: Stan Barnes, Stu Butler, Larry Nelson

Big Brother: Tenny Trickey

Business Mgr.: Bob Crichton, P.QUANTUM TECH Editor; Lenny Harring

Business Manager: Bill Brand

Yeit Leader: Bruce Robinson

Tech Leads 50 Teams In Debate; Places In Oratory

Caltech debate teams aroused the fine arts boys and girls with their excellent show- ing in this week's tournament. Robert Stubblein and Darwin Friend took the lead early to tie up UCLA for second place in the tong tournament of a field of fifty first rate teams.

John Heath and Paul Howard led the way with their four orators entering the semifinals before they ac­ knowledge the tourney. Irving Bul­ meyer made the semi-finals in impromptu speech and surprised his stick with the finals in a contest of discussion.

PLACEMENT CALEDAR

March 7—
Audition of the Caltech Band.
March 8—
Audition of the Caltech Choral Society

ASCIT Prexy Candidates' Statements Giv

BUD MITTENTHAL

I should like to nominate Bud for the ASCIT President. I think Bud is a fine young man.

Robert B. Barracough

The coming election presents a fine opportunity for the whole student body.

Bruce Worchester

I have been a member of the ASCIT for three years and have served as President, Vice President, Secretary, and on the staff of the CALLIOPE.

With the returns only partly in at the time of this writing, the YMCA drive is already over the thirteen hundred mark. We can all take pride in the fact that there is fifty to one hundred percent over the goal of the drive.

Debater Leads House

In the house the incomplete check showed Debater leading the way, a part from the fact that Debater led the way closely and Ricketts bringing up the rear.

Perpetual Motion Machines" Feature Last CES Meeting

The last meeting of the Consolidated Engineering Societies was held Friday, March 7, at 11:20 in room 201 Bridge. J. Calvin Brown of Los Angeles is to give the "Perpetual Motion Machines" Paper. He is an Associate Professor of Physics.

The lecture will be illustrated with slides and will be conducted on Friday and Monday evenings prior to elections.

Committee Asks Most Cooperation;
Class Assignments For Tuesday Waived

Two hundred or more student volunteers are needed for a get-together for the Tournament Park Phlebotics on March 7th. Students will be inducted on the Friday and Monday evenings prior to elections.

Paper Campaign Mar. 7 and 10

Committee Asks Most Cooperation;
Class Assignments For Tuesday Waived

Straight from the head office words that for some students who participate in the campaign, assignments following the day will be waived.

The 200 students will be or­ dered to help in areas which will cover all the districts of Pas­ adea. All transportation will be provided by the committee.

The drive will be conducted in the evening, 9 p.m. to 11 p.m., on Friday and Saturday, March 7th, 8th and 12th, in the evenings of Friday the 7th and Monday the 10th.

The Student houses will be served at the end of the day.

Bidding Meeting Wednesday, March 5

The bidding meeting will be held on Wednes­ day, March 5. The time is tenta­ tively set for 8:00 p.m.

The Faculty approval. Mr. Henry Morgan, who has the experience of organizing such campaigns, will be present.

Shell Oil Interviews

Representatives of the Shell Oil Company, Shell Chemical Corporation, and Shell Development Company, will be on the Cal Tech campus March 13th and 14th for interviews with students who are receiving degrees in June. These companies are primarily interested in the fields of Mechanical and electrical engineers although there are openings for all engineers and engineering.

The Shell Oil Company, Inc., is engaged in producing, manufactur­ ing, and marketing petroleum and petroleum products in the Pacific Coast area from Arizona to Washington, including the territory of Hawaii.

Any men interested should get in touch with the placement of­ fice.

3 Faculty Members

These three members are from the faculty of the California Institute of Technology, but we must deduct from the figures of their contributions to the Ency­ clopedia Britannica that for the 1947 revised printing of the reference work, it was announced that these three were in print.

New contributors from the In­ tellectual Seals, an organization that is already 160 members, as Professor Temple Bell, professor of mathe­ matics, who wrote and revised the entry on the 'Nature of X-Ray'; Jesse William Monro De Mon, associate professor of the 'Nature of X-Rays,' and Arti­ stes Desmetin Mier, professo­ rships in his topic, are: 'Cajon Forms' and "Tensor Analysis,"
Duty to vote and to elect the officers

Not having had as much experience in class and school activities. My plans are, therefore, to foster a variety of school activities.

Beaver Spikermen Win Conference Relays

Beaver Hoopers Top Redlands In Thriller; Whittier Next

Last Game of Schedule Decides League Winner

Last Wednesday afternoon saw a bitterly contested diamond duel as Fleming and Throop vied for House baseball honors. After a two-inning scrap, the Fleming nine emerged masters of the situation, with the opposition on the losing end of a 3 to 1 score.

Fleming's closer, Chuck "The Arm" Norman, fanned two of the Throoper's batters and was the only solitary run. Throop's flinger, Jack White, allowed four hits and as many walks, as Norman, Shore, and Selton ran the tally to three for the Athletes.

Dabney Second

Dabney clinched second place in the standings with a 6-3 victory over Blacker to run their string of victories to three out of four. A big third inning gave the Dabneyites 5 runs, while Blacker could only muster 3 in their half of that frame.

The men from Throop at least assured themselves of third place by swamping the Rickitees last Monday; it was easy sledding for the victors as 10 of their men got home, and the Rowdies pushed only two men home.

As a result of being baseball champs, Fleming has virtually assured themselves of retaining the Athletic Trophy. They lead the other houses by 28½ points, with only one last sport to go, Dabney can still win, but they must sweep all their remaining events, while Fleming only has to finish fourth.

Doug McLean winning the 4-man J. V. Mile Relay

The Record of Past Varsity Baseball Teams at Caltech

With the baseball season still in the throes of rewarding practice this week, the lack of material prompted us to do some panning into the dusty records of the Athletic Department. We came up with some rather dependent records about those who played baseball for Caltech in the last 20 years. For instance, did you know that we have beaten Whittier only out of 37 tries since 1922? Not to offer excuses, but it is whispered about that they "encourage" arithmetics to come to Whittier to absorb the Quaker atmosphere. Such reprehensible action would be unthinkable at CTY. We've done better against Oxy, yet the record stands at a sorry 18 wins and 32 losses.

Gary V12 Team

The best team we ever had was in '45 when those stalwart defenders of our country's shores—the Navy V12—made baseball history by winning 8 and losing but 1, a 9-11 game to USC. That year we played USC and UCLA as a team and as you can imagine the conference was disbanded due to the war.

The California Tech

Friday, February 28, 1947

T he Catal men squeezed the Oxy trackers in the conference relays last Saturday afternoon. The meet was close the entire way, and with one event to be run, the mile relay, Tech led Oxy by 1½ lengths. The score was 35-33, and the meet hinged on which of the two beat the other since Redlands ended up 6 points and even a win would not let them in on the final score for Tech as the Oxy men took and held a decided lead for the first three laps, but in the final lap Ken Shauer raced around the oval in 57.4 in place to grab the only Oxy anchor man and Jack Technau was second, but the Catal men gave the nod to Tech in the final result! The Beavers score was 46-35½, followed by Occidental with 35 1/2, Pomona, 30 1/2, Whittier, 27, and Redlands, 22 3/5.

All Technau Look Good

The men were won by full performances of Doc Hans' charges in practically every event. The Beavers garnered five first places, and three of these were relay events, in which many relay teams who won every event for every man who came to Whittier, Bob Pank, and Shauer tespinly to win the mile relay. The score was 46-35½, followed by Occidental with 35 1/2, Pomona, 30 1/2, Whittier, 27, and Redlands, 22 3/5.

Campus Brewins

My God, our BMOC's have been getting sickeningly friendly of late. People who never used to speak to me now greet me with Ipana grins and ask about my love life. Couldn't have anything to do with elections, of course.

Travelers

Mileage record for the trip last Saturday's dance at the Riviera Country Club is held by Gene Cook and Dan Markoff of Dailey. Starting from Pasadena they picked up their dates in Pomona and Long Beach respectively, then to the dance, and the whole trip over again on return.

Triangle

Dean Johnson and Clay Engler have been giving Peggy Briggs, of Browning Hall, quite a rush. Incidentally, Engler is also giving Vince Herson a hard time with Mary Stanbury.

Persiflage

Dave Pollard and Fred Smith, Fleming stay-at-homes, showed up at the ASCIT dance—Stan Harrison has been raiding the Pasadena Playhouse rather regularly of late.—Lang Hedrick has been suffering from a strange malady. As the evening draws on he develops a peculiar stiffness in the right elbow which can be cured only by cold applications at the Skip-Inn.—Ed Mitchell has been ordering Ochids by the dozen.

Brawl

I've been hearing lurid reports about this party that Bud Mitten-thal and Mitch Cotton attended last week, at Joanne Schoneborn's house. Rather a contrast to the knitting party featured in this column last week.

Guests at a recent party given by Natalie Nelson were Techmen Stix, Schuyler, Walquist, Bible, Forrester, Murphy, Honnold, Stokely, Boutelle, Eschner, and Hibbard.

Snake

The thought of an EE quiz the next day was too much for J. C. Bear so he took the easy way out and went out on a date.

Love blossoms in the spring!

Latest engagement to be announced is that of Audrey Fern Wilson to Chuck Quirmbach.
