To Scribe:

I thought it was a great idea. Such a simple concept and yet so effective.

The Bears are back in the national championship game, and I couldn't be happier. The way I see it, there are two main factors contributing to their success: their offense and their defense.

Offense:
The Bears have one of the best offenses in the country. They have a balanced attack with a strong running game and an experienced passing attack.

Defense:
The Bears have a dominant defense. Their defense is one of the best in the country, with a combination of speed and size.

I'm really excited to see how they perform in the championship game. Go Bears!

A SONG IS A TECHNOCARD

Dear Fred Fox,

A very interesting hand offers an opportunity for an unusual play. The Grand Slam came up the other day. In a Grand Slam it is necessary for Declarer to reduce his trump strength to the extent that the opponent holding the outstanding trumps and then have the lead come through that opponent's hands. The Two No Trumps shows added defense above a minimum force. Thus the contract, fairly sound, is firmly held.

North's One Spade is the only possible bid on the hand. One No Trump is not to be considered. The Two No Trumps shows added defense above a minimum force. Thus the contract, fairly sound, is firmly held.

Dr. G.R. MacMinn Gives Talk to Browning Group

"Browning and the Art of Poetry" was the subject of a talk given by George R. MacMinn, English Professor, to the Browning Society recently.

Dr. MacMinn urged that technical study is necessary to gain an understanding of Browning's poetry. He gave examples of poems from Browning's works and pointed out his emphasis on abstruse qualities, such as the symbolism and the use of contrasting ideas. He also discussed the role of Browning as a poet and his influence on modern literature.
