Interhouse Dance Biggest Social Event of Season

Techmen Enjoy Hot Music As Houses Feature Five Men, Naval Decorations

The Interhouse Dance last Saturday night proved to be one of the finest affairs held at Tech this year. There was never a dull moment from the first hot link at 9:00 to the last dance at 10:00. Each house had done a fine job on decorations, and getting a good crowd.

The most listened to last night was the band conducted by the Interhouse Band. The music, which included such classics as "New Year's Eve," "Auld Lang Syne," and "Squashed Corn," was enjoyed by all.

Fleming takes the trait of a Balinese girl was very the possibility of genuine effect. The lounge was converted to an interior scene for one of the Interhouse Dances. The decorations were very elaborate, with Turkish rugs, mahogany furniture, and a modern painting of a modern woman.

HAPPY NEW YEAR

Wheaton Trophy For '47 Awarded To Milt Strauss

Technicians

Frank Ball, Dr. Delbridge, Stuck, Coates, McClung, and Hadley, spoke at the banquet.

The ACRT's all-athletic team was held last Saturday night at the Beatrice Club as tribute to the men on the football, cross country, and water polo teams.

Featured at the dinner was the annual awarding of the Wheaton Trophy for outstanding seniors in athletics and academic achievement. This year the award went to Milt Strauss, Alpha Chi Omega, heavy quarterback.

Guest speaker at the banquet, which was presided over by Coates. Ball was Frank Ball. The program featured Allen White (On Page 6)

Glee Club To Present Popular Program In Assembly Tomorrow

Rousing Songs, Christmas Carols To Feature Term's Final Show

Results Of Student Director George Drapes And 27 Men's Hard Work Shown

The newly organized Caltech Glee Club will give the student body an exhibition of their talents at the regular Inter-Society assembly tomorrow.

Led by their student director, George Dafeses, the members will present a program of lively, enjoyable music. Opening with the "Tut Song," the program will contain a number of other favorites such as "Blind-Haired Men," "Night and Day," "Idaho's " from Faust, and the "Whistle of the Wind.

Admiral Badger Presents Award In Assembly

Admiral Oscar C. Badger presented Caltech with a cumbine for its "essential part in our national defense" at the assembly held last Friday at Culverton Hall. The plaque was given by the Navy in recognition of the V-12 Naval Personnel Training program during the war period.

The award was accepted by Dr. Lee A. Dafades, president of Caltech, who praised Dr. Max Kas of the Institute during the war, and others working at Culveron for the V-12 part in the Navy program.

Near Adges, Badger also told how the Caltech training and research program aided our forces during the Pacific campaign.

Prof. "Dan" Jones also spoke of the problems arising from the V-12 program and how they were met by the cooperation of Navy and Caltech administration and by the helpful advice of Dr. Max Kas, the Navy consultant, and the students of the institute.

W.S.S.F. Awards

After the Navy Award ceremony the W.S.S.F. awards were given out.

E.E.\'s Conclude Field Trips With Trip To Radio Plant

Electrical Engineering students belonging to the American Institute of Electrical Engineers and the Institute of Radio Engineers visited the various engineering departments of the Hoffman Radio Corporation in Los Angeles. They were out-

The visit was the last of a series of highly interesting field trips conducted by the Caltech student chapters of the A.I.E.E. and the I.R.E. This year a similar program is planned for the fall term, and all electrical engineering students, including freshmen, are urged to join one or both of the above organizations.

The visit was the last of a series of highly interesting field trips conducted by the Caltech student chapters of the A.I.E.E. and the I.R.E. This year a similar program is planned for the fall term, and all electrical engineering students, including freshmen, are urged to join one or both of the above organizations.

During the course of the day, the students were shown various facets of the corporation's operations, including design, manufacturing, and testing departments. They were also given an opportunity to see the latest in radio technology and to meet engineers and technicians working on cutting-edge projects.

The trip was a great success, and the students were able to gain valuable insights into the world of radio engineering. They were impressed by the level of professionalism and dedication displayed by the employees of the Hoffman Radio Corporation.

The EE's concluded their field trip schedule with this trip, which was intended to provide an overview of the different aspects of the radio industry. They are looking forward to future opportunities to learn more about this exciting field.

THE U. S. AIR FORCE OFFERS YOU $336 A MONTH ONE YEAR AFTER GRADUATION

What's that you can earn after completing one year of pilot training and winning your wings in the Air Force.

It's a good deal from the start. While you're an Aviation Cadet you draw $75 per month, plus food, quarters, uniforms, medical and dental care. After successfully finishing the course, you'll advance to the U. S. Air Force Reserve, and assigned to active duty with the Air Force at $336 a month (including flight pay), with excellent chances for further increases as promotions come along.

In addition, you get an extra $500 for each year of active duty, and will be given a chance to compete for a commission in the Regular Air Force if you are interested in a service career.

This opportunity, which cannot be duplicated anywhere else at any price, equips men for leadership in the aerospace industry, at high pay from the beginning. It

Writing Contest Offers Prizes To Tyro Dramatists

Dramatists' Alliance of Stanford University announces its annual competition for awards in dramatic writing. Competitors are open to all persons writing in any language. The purpose of the awards is to introduce new and promising young playwrights professionally.

Awards are given for the best script submitted by the Maxwell Anderson Award of $100 for entries under 5,000 words, or a novel, in any language. The awards are open to all persons writing in any language.

For information about registration, fees, and special services, address Dramatists' Alliance, Box 200, Stanford University, California. Contains full text 1915, pp. 3-5.

Panama, 2nd, 4th

With the reshuffling of the drive in the Pullman Tournament Tech found that instead of Ginsburg, we had drawn Comp. Having lost the last one 15-4 the final seconds of this period was not in. Between Tech and Coates, a hard-fought contest was waged in the super bowl. Getting off on the credit side, Dickson slammed one home. But Comp. came back to tie off. Some time later, Tech put on and again the opposition put in. This was furthered by another competition round.

With Tech fighting for the tying—Tech, the Techs' answer to the Super Bowl—stumbled into the Tech. Then lunch ended, but then the Techs were in trouble. Water polo is ended, but swimming starts sometime in the middle of February. The official score as of now is anybody's guess. We are in DIE HARD, but if you can't make the pool, at least I repeat, anyone interested will be welcomed to February.

Geologists To Stage Mountain Brawl!

Dramatists' Clash In Symposium

Three prominent geologists from the University of California and Stanford University are going to stage a Mountain Brawl. The symposium will be held on the campus of the University of California and Stanford University.

BEAVER... SPORTS

Oh, Well, Maybe Next Year...

By George Torbush

The Athletic Banquet at last Monday night officially ended the fall sports season with an enthusiastic discussion of athletics and sport leaders. As "Beaver" explained, the slogan is not applicable to rugby, but tries to pair up the last odd football sites, it is about time we had a look at the record books of Calaveras’ three fall teams.

Cross Country

Last Tuesday’s four-mile long hanger wound up very successful season for both the Frosh and varsity distance runners. The final conference standings were: (1) — Redlands; (2) — Cal-Tech; (3) — Occidental; (4) — Pomona, in the victory division. The freshman team went through the season undefeated, taking first place in their conference.

One of the highlights of the season was the three-way meet between Oxy, Santa Barbara and Caltech, in which the scores of the three teams were kept as if there should have been a tie, and the score between Oxy and Tech was 2 las Tech on the win. Tech also beat the Grizzlies by six points.

All in all, the Cross Country boys have had a very successful season and the prospects for an even better squad next year are good.

Football

The round-up meeting at the Bass Bowl saw some exception-ally well-played football. The Beavers always turned in a first half that satisfied their fans, but Andy’s.

Whittier Takes Redlands Invitational Basketball Tourney

Redlands Wins C.C.M.C.; Caltech Takes Second Place

Although the Tech basketball players had a hard, fast game, it was not enough to catch up boys from Pennsylvania Nazarene University. The score was 42-37, dropped Caltech from the tournament race.

Whittier later defeated this same Nazarene outfit in the finals to take the tourney.

As Coach Syph is rapidly rounding his meet into shape, lack of practice time was telling and Pennsylvania was able to pull ahead vastly.

Highlight here for the evening was Junior Billy Tobe, who dropped 8 points against the hoop. Solomon and Bowers followed with 7 and 6 points, respectively, their credit. Solomon has shown much improvement and still probably be one of Coach Syph’s strongest men this season.

Graling all honors for Pennsylvania Nazarene, were: Wally Foote, who scored 13 points in the last minute of lopsided play.

Wally Poole

Although putting up a hard fight, the Whittier team did not defeat the high-scoring frosh in the season opener with Caltech, 47-26 the next, meeting, with Blair, however, the Redlands frosh man is a side of 64-14. In the outstanding game of the season was Tech’s clinch game with U.C.L.A. Merrick’s.

The CALIFORNIA TECH

TAKIN’ IT OVER WITH THE GOON

Just finished getting thrown out of the University’s Invitational Tournament after being liberally entered with Colorado College, and the Dean of the College of Physical Education is pretty hasty these days. Now that the Calibre Players of the City Voyages have decided what part of Tournament Park Mrs. Gimlett can have her pigeons in, every man on campus from Lee A. to the Goon has been drawing up plans for the new super-sport.

Santo Tutt

Dr. Snaga is going to play a special basketball contest with a scout from a professional team that attracts athletes. From all indications as far as the hawkslets are concerned, the hawkslets will be able to motor with some ease. The scout physiology section is developing the first essential standards that must be established to see if the hawkslets will be able to motor with some ease. The scout drawing up plans of 41 points. The Athletic Banquet the athletes take will be one of Coach Syph’s indications so

MARSHALL AND POTTERSON GRAB FOURTH AND FIFTH FRESH WIn From Pomona and Redlands

The Redlands Bulldogs ran three times this season when they emerged victorious in four of the six meetings. The fixture of this year’s conference cross-country meet. A flying finish in the last place, followed by Oxy (third) and Pomona (fourth). The scoring was Redlands, 25; Cal-tech, 51; Oxy, 36; and Pomona, 39.

PAUL FAYE RAN BEACH MODIFIED El-Ridgewood ran first place in the first race against a time of 20:33.1. The Bulldogs had a straightforward on the top spots, as Bud Jones and George Lebowski placed second and third. Two Techmen, Capt. George Smith and Don Peterson, ran their best races of the year, finishing fourth and fifth, respectively. The winners of the race were changed to Dyne, 1/8th.

Other Sport Performers: Dick Caruthers and Doug Hensley paced Oxyton in the first ride for the finish line to finish second. Dick Caruthers placed third and Mike Sellen completed the scor- ing for Oxyton by being fifth.

Other Vans to Machi Westmoreland who had four-mile long hanger were Larry Nabors, Bob Ge-

buck, Bob Adell and Erle Adell. However, with the senior and master athletic plants Throop failed to enter the main event, which was a second place. The final score was 25 points against the Condors.

The beavers are all very pleased with the new hard service. Their coach will now reside permanent-

Thursday, December 11, 1947

The No. 9 University of California football team, under the leadership of Coach A. S. Agnew, has placed third in the Western Conference, behind California and Washington, but ahead of Oregon State. The team was recognized for its overall performance during the season and was awarded the Pacific Coast Conference Award for the best team in the conference.

The sports page features a variety of articles and content, including:

- A debate on the Mann Act, discussing its implications and the legal precedents.
- A report on the Western Conference Speech Tournament, highlighting the performances of various teams.
- An article on the Western Conference Football Tournament, discussing the results and the implications for the upcoming season.
- A column on the University of California's athletic teams, focusing on the football team's performance.
- A section on the University of California's music department, featuring a discussion on the upcoming season's concerts and performances.

The page also includes advertisements for various products and services, such as the Christmas season, featuring gift ideas and promotions.
