Proposed Changes in ASCIT By-Laws Slated for Balloting

**Amendments to the By-Laws:**

Appearing on the ballot February 26th in the Student's Union will be proposed changes in the ASCIT By-Laws. These changes are suggested by the Students' Council in an effort to make the organization more efficient. The By-Laws are to be run more effectively.

**Division of Responsibility**

In the last year it has become obvious that the membership of the American Institute of Electrical Engineers is being split.

Dr. John H. Prizer, now associated with Bell Telephone Laboratories, received the top award for the year 1948. Dr. John H. Prizer, now associate with Bell Telephone Laboratories, received the top award for the year 1948.
THE CALIFORNIA TECH

Cafeteria Manager, Sullivan, in an interview with the Editor, indicated that the reason for the 2c increase substantially is due to the students' desire for a cause.

A lot of bad news have been spoken by both sides in the present copra price (increase controversial, and there have been even more ill-advised actions, also on both sides).

The price of gas, oil, and other essentials have been increased, and the cost of living has risen. The increase in the cafeteria price is justified, and the students should continue to support this increase.

Students say...

Bette Herman: "I think it's a good idea."
Tom Turner: "No, it's not necessary."
Dennis Long: "I don't think it's necessary."
George Scott: "I now drink coffee."
Bob Freese: "Don't drink it.

THE SQUARES’ CIRCLE

Editor

Dear Sir:

I hope to express my personal appreciation of the fine work and service recently rendered at Cafeteria. I have received an unusual degree of satisfaction and service in the form of a thorough and thoughtful presentation of the facts which are so salient that it is impossible to ignore.

We are confident that the results of this program will be beneficial to the students and the faculty, and we are grateful for your cooperation in this matter.

Thank you for your consideration.

Sincerely yours,

Squares’ Circle

TODAY'S學生 INDIGNATION OVER THE 2C INCREASE

THE EDITORIAL: 3 CENT COFFEE AND MEALS

PROPOSED ASCIT BY-LAW CHANGES

(Continued from Page 1)

Article IV, Sec. 1. Delete the words "and shall sign all checks for all expenditures authorized by the Board of Directors." Article V, Sec. 3. Delete "and one and one-half dollars to all expenditure authorized by the Board of Directors."

The reason for these deletions is that this subject is subsumed covered in ARTICLE XII, Sec. 5 of the By-Laws, thus recommended changes in ARTICLE XII.

Article VII, Sec. 2. Delete the words "in the Board of Directors." This time by which the work of the Treasurer must be completed may be so definitely stated. By the very nature of his business his work will carry on through the summer and it is felt that June 30th is entirely too late.

Article XI, Sec. 7. Rewrite to read as follows. "There shall be a Publicity Committee with the Publicity Manager as Chairman. REASON—It is impossible in any way many men the Publicity Manager will need as this number will vary with the situation each year.

This entire article has been rewritten to read as follows:

Sec. 1. DUES. The Corporation shall be fifteen dollars a year upon registration by a member and the Corporation shall as the Board of Directors believes necessary, call regular meetings for the first two terms, three dollars to the Art Department and for the third term one and one-half dollars to the Corporation and one and one-half dollars to the Athletic Department.

Sec. 2. BUDGET. At the end of each college year the Board of Directors shall adopt a budget for the following year's expenses for the College year.

Sec. 2. INVENTORY. The Treasurer shall at the end of each college year prepare an inventory of all property of the Corporation.

Sec. 5. AUDIT. All of the books of account of the Corporation are to be audited by the Auditor of the Third Term. The Auditor shall submit vouchers for the fiscal year concerned, including all checks and bank statements, pertaining to the preceding college year. The Treasurer shall keep all of the third term's funds before the purchaser is paid.

Sec. 6. CHECKS. The President and the Treasurer shall have the power to sign the checks of the Corporation, the signature of any two of the members being required on each check. Sec. 7. This section shall read: "REASON—These changes are designed to make the records of the Treasurer more clear and to allow the practice of the last seven years to continue in form with the By-Laws.

Article XII, Sec. 3. Delete Article XII, Sec. 3. REASON—This is merely redundant because Tradition is no more than is instilled in the student body.

Section one covers the entire by-laws.

Article XIV, Sec. 1. (b) There shall be a change of title in the section for cross-country, golf and tennis. Sec. 2. This change is necessary. REASON—There is no need for these sections any longer as the practice of the last seven years has clearly indicated that it does not require.

Article XV, Part A. Sec. 3. FINANCES. The Business Manager of the California Tech shall deposit all funds belonging to the California Tech in such bank as approved by the Board of Directors. He shall account for all receipts and expenditures in a manner recommended by the Treasurer of the Corporation. He shall submit midterm, term and annual reports to the Board of Directors. He shall keep their own accounts and expenditures shall be signed by both the Business Manager and the Editor.

Part B. Sec. 3. FINANCES. The Business Manager of the California Tech shall deposit all funds belonging to the California Tech in such bank as approved by the Board of Directors. He shall account for all receipts and expenditures in a manner recommended by the Treasurer of the Corporation. He shall submit midterm, term and annual reports to the Board of Directors. He shall keep their own accounts and expenditures shall be signed by both the Business Manager and the Editor.

Part C. Sec. 6. FINANCES. The Editor or the Co-Editors of the Little T shall be responsible for all funds belonging to the Little T and shall deposit all funds in a bank as approved by the Board of Directors. He shall account for all receipts and expenditures in a manner recommended by the Treasurer of the Corporation. He shall submit midterm, term and annual reports to the Board of Directors. He shall keep their own accounts and expenditures shall be signed by both the Business Manager and the Editor.

Part D. Sec. 6. "Delete "All collected revenue shall be deposited in the Treasurer; refusal to do so will result in a breach of contract and Code and shall justify the withholding of any and all financial assistance from the Institute."

REASON—It has been found that it is much more convenient for all students who are Business Managers responsible for the funds of the particular publication for which they work.

Changes Interlocking

The end of each year shall be a personal of the Little T, it will be to the credit of the year that is being closed out. The change in the accounts of the Board of Directors is left in the hands of the Treasurer and the Treasurer of the Little T will report to the Treasurer of the Corporation. The Treasurer of the Little T will also report to the Treasurer of the California Tech. The Treasurer of the Little T will also report to the Treasurer of the Little T.

Changes Interlocking

The school of each edition is a part of the Little T, it will be to the credit of the year that is being closed out. The change in the accounts of the Board of Directors is left in the hands of the Treasurer and the Treasurer of the Little T will report to the Treasurer of the Corporation. The Treasurer of the Little T will also report to the Treasurer of the Little T.

The Treasurer of the Little T will also report to the Treasurer of the Little T.
Frosh Track Meet

Shows New Material

In the intra-frosh track meet held at Caltech on Monday and Friday, coaches' and in-frosh comments on new Frosh material were given an advance showing of the track material. The meet was held in the Conference Rooms, March 9, and offered a new variety of Frosh Track events.

The results were broken but turnout generally was good at lengths some times were slow but in the cause of the cold weather and premature allergies.

Highest individual score was won by Ben Volin for a distance of 15 points by winning the 100, 220, and 440 yard dashes with new times of 11.2, 23.8, 25.4, 23.5 respectively.

In the field events Art Miller showed the big times with a new frosh meet record, and won the shot with a rare 13FT. John Lewis took first place in the javelin with a throw of 137FT for first place in that event.

Bob Cole took another first in the 110 yard hurdles with a new frosh record of 15.4 for the first 40 yard hurdle and 21.1 for the second.

Frosh Sports Roundup

Overshadowing the recent events of their fellow classmates, the Frosh football team has been the Frosh material players last week. Produced some bright prospects for this year's Underclassmen track team, and also for next year's Varsity squad.

Rocket Milt

Bob Cole, the speedy little brother from C.C. and Art Miller, the one person who was the major plus on the frosh track line on the Frosh football team last fall. He did a remarkable job of setting track records in the mile run and 880, respectively. Cole made a nice record in the 880 and turned in a 50.8 in the cross-country last fall, and is expected to make quite an impact out at Tournament Park.

Bunts in Some Events

The marks in some of the events were also a good, but some shows a severe wind which was from the southeast.

Frosh Cagers Drop Hoop Tilt To Pomomans

Pomona's first-up bunch of Frosh could just miss the critical decision from the Frosh Leader in the whole game. The Caltech Frosh led the Pomona Frosh a hard battle up to the closing moments of the game. Only one time, however, did the Frosh lead the Pomona Frosh, and at the end of the first half, has a spectacular rally by the Homans giving a 29-21 half-time advantage.

Beavers Rally

The high point of the first half was the easy rally which saw over the Pomona five points in a 29-21 half time advantage.

The Tech ski team showed its power last Saturday by taking four out of six places in the Inter-Collegiate Skiing Six-Mile race held at Pasadena City College at Snow Valley. Onay and Pasadena City College at Snow Valley. Onay was not able to field five men and therefore the race could not be counted. The team placed second to Yale Early in the meeting to park the hill for the remainder of the course was not filled. The meet got under way at 11:30 with a downslope race over a fast half-mile course. The best time this event was turned in by Haywood of Occidental, with McKenney and Schroeter of Tech taking second and third. The fifth and sixth places went to Carus and Pote of Tech and Will Bradley took the seventh place. Goff Gardiner and Pete Foss also voted for Tech, but the former was handicapped by an injury received earlier in the day.

The ski race was held in the afternoon over a 200-yard course containing several sharp hairpin turns and a finish in which many of the skiers had trouble. However, Tech again showed its superiority by dropping only one place and bringing home the first six. Schroeter burned up some time in a finish with a flat 21.55 seconds. Hindlen fell three seconds behind to place second with 24.5. Carus and McKenney were fifth and sixth.

In spite of the difficulty of the course no injuries were reported. The American Ski Association, in charge of the downhill, and Schubert, and acted as timer. Bob Foss also arrived with a split. The main event was Tech's Skiing

Poets Lose to Beaver Freshman in Basketball

An unnamed Whittier Fresh man team gave the Caltech Freshman a terrific battle on their home floor Feb. 10, but the Beaver Defenders had the last word in the final minutes of the game to gain a narrow 68-66 victory. In what was perhaps the youngest Beaver's allegiance game of the season, the Freshman team (most of the initial roster) were holding their own by the end of the game.

The final score was South to the Freshmen 70.

Vehicle Hold in Final Minutes

In the final two minutes of the game the Beavers regained a 60-56 lead to finish with a three-point lead, but the Freshmen countered with a score of 3 into the game and held on to the end of the game.
