Big Bowl

Last Saturday was the scene of the Blacker-Johnny Hans Dance in Monday Park. Although the scene of an exaggeration to turn it into a dance. Music could be heard throughout the night, laughter, feminine squawks, and the gurgling sound of beer being poured out. The place was much too small for dancing but there were numerous people out there wriggling about and jostling each other while Fullerton noticed on the gong players.

How many operators will we need NEXT YEAR?

This is but one of the many questions telephone men are called upon to answer. The work of their hand has always been to anticipate - demands for personnel - to determine what additional equipment must be provided, what new constructions will be necessary to handle the constantly increasing demands for service.

Careful planning in every phase of telephone work requires the services of many qualified men.

There's a future in telephony.

Schedule
Secondly, the schedule tipped
a psychological obstacle in our favor. At the time of the second Ohy game we had a record of 24 while Ohy had 41. The Tigers' last minute victory in that game put them 16 games ahead of us all because they had played 6 games while we had only played 5. If both teams had emerged from the game with 21 records we would have been on even for the season was center while put them 44.1 against us, not a bad margin.

Time
And finally, the other four
we had a half hour from honors, the other four terms with them and not felt Thorne Butler advantage better than Coulagmg probably one of our weakest depart-
ments.

Record
However, in spite of the dis-
composing record, the team did have its bright spots. Its defensive record in the conference was better than championship Oct."s details, and the average score of its league games was 41.1 to 44 against us, not a bad margin at all for a team which finished in a tie for last place.

Scoring Statistics
As for the scoring record, the
was out pointed team 107, in 272. Top scorer for the season was centre. Thomas Butler with 233 tallies, 142 of which were scored in Hughes competition, for an aver-
age of slightly less than 17 per game. Dick Brewer follows with 207, Bud Fricke 161, Al Barron, and Ray Gramley and Dick
were superb.

Reserve Rate Credit
And a final word about the
Lions who don't take scorching homes, but do make up an es-
sential part of the team, the re-
thought. Thos e boys were out as often as the starters and certainly worked as hard each.
