Frosh Racketeers Defeat Whittier in Loop Opener

Last Wednesday the Reoever bucket netters definitely decided the Whittier Foster on the first ball. Eden. Even though the first singles and doubles would win by default, the Engineers had everything in control all the way.

Blanchard Wins

Dean Blanchard, playing in No. 2 spot, won his match in straight sets. After going in three sets, the Barker Stable won his match. Dan Señor was the other singles winner for Blanchard and Butler teamed up, while the only man to win a doubles match for the Bunnies. Their match was hard, having to go to three sets. be on Jack Martin, who missed out in the last match. Jack is a very fine player and his performance on the court have been truthful. Come out Saturday afternoon for some fine tennis matches. Starting time is 1:30 p.m.

Jack Moore has emerged to lead the Tech golf team with a 76 under par 18 holes in the match with Redlands.

Which leads me into a small plug for Bev's Raver Boys, more commonly known as Little Red's Lawn Mowers. Were it not for Dr. Swift's favorite pupil, Jack Martin, the Engineers might have been defeated. The Engineers are not so far behind as to be defeated. The Engineers are not so far behind as to be defeated.

The Engineers are not so far behind as to be defeated.

(def. of course) it would be doubtful if the Engineers could boast an undefeated season as they have so far. "The Crimson" has been tirelessly in efforts of the manager's job, and play for or better round every time. With six men, all about equal, trying for the last three places on the squad, the performances have been producing some fine scores such as Virgil Smith third best score in the Redlands twelve out of 80 while shooting in the sixth position.

There's a chance to see these men in action Saturday at the Ranch Don Loop in Pomona when the league championship will probably be decided. Let's hope that Ed can get away with a few more stars like that six foot part! He concedest himself on the last hole of the match.

"I think Chesterfield is the best cigarette on the market. I've smoked them for about 20 years. It's mild and it's got a lot of taste. "Lippett & Myers bug the middle leaves... it's the best... It's mellow... It's got to be ripe. They consistently pay above the average to get the tobacco they want."
