Election Day

Next Tuesday is election day for your student representatives. Your votes are urged to go to the polls and cast their ballots.

Honor System

At a recent meeting of the Board of Control, it was the consensus of the Honor System and its relation to P.E. should be reemphasized in this column. This relationship has not changed. P.E. never was an exception to the Honor System and still is not, although some people are going to change this. It is just as great an ingratitude to the Person for a person to cheat in P.E. and not do the work in another unfair chest during an exam. Anyone who thinks he gets away with something by working in the P.E. area should reconsider—he is in actuality trampling on the Honor Code to win a place in the M. Tech. Committee.

Unauthorized Keys

At this same meeting a fire alarm was activated causing fires to be declared in the west wing of the building. In the eyes of the Board, a person possessing a key which was not signed out by him from the office on the day before, and, therefore, free, should not be in his possession, is in trampling on the Honor Code to win a place in the M. Tech. Committee.

It is considered somewhat the same situation as that of a person in an exam-room trying to pass a warning to anyone who proudly displays his keys to the Institute.

If you possess any key or property of the Institute, you are notified that you have already done it.

Politics Spiel At Assembly

...Sound and Fary

Are you for Douglas or for本文? Are you for Senatorial seat or for the Fresher seat? Are you for the assembly of the coming session? Your vote, whether for the Assembly, the student body, or for the Assembly, will be of the utmost importance.

Each speaker's talk will last 3 minutes of the "Music and the Moon." It will be five minutes all of the "Music and the Moon." Spirit of the Honor System

For the past four weeks of the semester that students have enjoyed the privilege of buying ice cream from the unattended deep-freeze in Kitchel House. There was no question of the integrity of the students when John Noble, who owns this concession, decided to leave a glass in the kitchenette beside the freezer so that students who wanted evening refreshment could take their ice cream and leave the money without disturbing him. But during the past three weeks Noble’s record shows that out of 753 pieces taken from the freezer, 31 were not paid for. Even though the Caltech Honor System does not officially extend to the student houses, those few students who have been taking advantage of this generosity are urged to realize that this is just plain stealing, and by doing so they are probably depriving the rest of the students of their just desserts, since Noble has seriously considered discontinuing his concession if any more such events occur.

Secretary’s Report

With the selection of Art Cole as the new Art rep last Thursday, the Board of Directors was brought to full complement of nine members. Bob Perlmutt was given a unanimous vote of thanks from the Board for serving with Art as cochairman for the ASCIT until now. The new first rep’s first job will be running the Thanksgiving dance on Nov. 18.

You may have noticed grad students flashing special student body cards at the last football game. Under a new arrangement, grad students are being sold special student cards which will admit them to all athletic events and ASCIT dances. This is an experimental plan designed to enable grad students to participate in more campus activities and bring about a closer relationship between the two student bodies.

Garber Charities Inc.

As a result of Al Marshall’s induction (into you know what), the chairmanship of the combined charities drive has fallen on the broad shoulders of the ASCIT veep Ody Gardner. The drive is scheduled to be conducted during the week of Nov. 12.

Once again I want to remind all of you that the Board meetings are open to all members of the ASCIT. They are held at 7:30 p.m. on Thursday night in Lower Fleming. Respectfully submit,

Many are the disappointments that have fallen upon our ears in regard to this column, and, especially now that our countenance is graced upon the reader from above, we can no longer bear the reproachful stare of so many eyes.

It is thus that the reader will be glad to hear we are shedding our much-harried chunk of sublity, and even though we might never attain the honey comb of immodesty which would enable us to communicate with the reader’s vocabulary, we shall do our best to please the populace. PCC Falls in Cross Country

Addled by the return of Bill Pilkington with a medical OK, the Caltech cross-country team took the PCC team by the nose, scoring 25 points to 32 last Thursday. Hill won the meet in 11:48, closely followed by Pete Mains.

The meet was started as usual with most of the PCC team well out in front. Pilkington soon moved out in front, however, and only Schmidt of PCC was able to hang on for a while. (Continued on Page 6)

The debating team couldn't make much use of this non-talking baby...but one look at his "literary leanings" tells you that tests don't buffalo him. Specially those tricky cigarette tests! As a smoker, you probably know, too, that one puff or one snuff— or a mere one-inhale comparison can't prove very much about a cigarette!
