Beavers End Cage Season

After last weekend's cagers had turned in their last shots, another season draw. A record of 12 wins and 2 losses is not too impressive. One of the major reasons for the large number of losses was the Beaver's tendency to crack under the strain of a close game. Far too many games were won by two or three points after losing the whole way until the final gun up.

Free Throw

One of the major disappointments for the Beavers was their poor shooting on the free throw line. The Shymen had 304 attempts, making only 114 perfect for a percentage of 0.378. As an indication of this low percentage, the highest individual percentage taken was by Thomas, 0.678. led by Ted Cox with a 0.500. When considering overall team shooting, the Beavers dropped in 641 points for the season, 11 points better than the second place finisher.

Goldsworth Cup Goes To Rowdies; Thropp Runner-up

The Interhouse Rowing Team finished its season Monday at thePasadena bowling Courts with Goldsworth making a valiant, though unsuccessful bid to upset Thropp for second place. First place Goldsworth, after clinching the Goldsworth Trophy for league supremacy two years ago, coasted up this week and only won two races.

Thropp Immaculate

Thropp Crew piped the Shymen second place by winning four games, while Blacker's seventh win placed them in third place. By virtue of a four to one split, Daloney ended the season in fourth place. Fleming won three, but still ended up in the last place.

HE HAS BUILT A BRAND NEW CITY

The "telephone man" is mighty busy these days!

Since the war, among many other things, he has built or enlarged 2,000 buildings—sooner of them large and some exceedingly small.

These buildings are more than brick, mortar and telephone equipment. They are jobs for thousands of men and women more and better telephone service for millions of people in the towns and cities where they are located.

But most important of all, they are an indication of the Bell System's earnest efforts to keep up with the nation's ever growing needs for communications services.
