It is well known by race car drivers that there are 15 sober people in each hard original hand. But this knowl edge is actually put to quick action at the band box. By South Africa it seems that the box office is the nearest, with the odd 9-10-0 on neither or not you pick the right direction. But a s a result, the declarer will find the one east

Last weekend was the one for exchanges, both girls and dirty looks. Bickel cures one Friday night with Oxy's Hatter Hall Archie "2 & 6" McWright started the evening right by heading for the hills when he discovered that his right friend from last year was attending. Responding to a mediocre turnout, the Rowdies showed up the next night when half of the Occidental female student body showed up. Every student. Filling up our square crystal hal, we gazed into the air to see who has been striving for national recognition this week, and evaluating all crooked deals, which may be in the clutches of whom to whom we can award the Grand. Everybody, it seems to us that Thomas Butler a hero these days, but, the lineup, was quite good, fine, big, oh, no don't you see how he has such a good eye on the basketball floor when he can't avoid hitting parked cars on a four lane street, without the little gale of crisis-foresight he had last night. THE SQUIRES' CIRCLE

Dear Editor,
This is a rare occasion when something that takes an interest in our affairs. The point made is undoubtedly applicable to most of us.

Dr. Bass Went to Tech
Mostly, about Caltech men's true
tility or desire to write letters home.

It is recognized that parents are glad to be away from a domi-
nating influence at home. We admit we are glad to see boys be-
come men; however, do not say, "today, I am a man." till the legal age of twenty-one.

Parents are grateful to have parents of their children move to college -yes to the ONLY COLLEGE, Caltech. The sum, compared to the national debt, is small but in its budget, it is as billions. Are Caltech men grateful to their parents? We rejoice that these are many extra-curricular activities made available to make college interesting and fun.

Booking! A good portion of one's health is devoted to this pleasant passtime. It seems to be necessary if you get the most out of the Caltech education. In a well educated education we believe Caltech men must en-

The first general meeting of the Caltech Ski Club was held Tuesday with about 35 members present and friends in attendance. Infinite Schlegel reported on the lost and gave a hint of what has been already done and this plan for the future. The ideas of emblem and shoulder patches for the club will be discussed and several tentative designs are expected to be returned from the manufacturers soon.

Midweek

Now in the capacity of coaching Caltech's ski team, Bert Laliberte is apparently having trouble keeping his eye off of a 1950 grid iron. I could have sworn that I saw new stuff for towing around that stagnated airport and generally being a little service hall building.

Spy Surprise

On the oval, Tech trackmen are set and waiting to overcome the early season stiff.

---

With their first league victory safely attained, Caltech's unvanquished ski team will take the flavor Friday night against Pomona. Last week's convincing win by the Bears over Whittier initiates the theme that the Bears will be given a run for their money.

Pomona Surviving

While Pomona's potential center Locke Glenn has finally graduated, the nightskier's ability to adapt to the 1000 meter interval of Carl Butler, others starting for Pomona will probably be Edgar Cregre at the goal positions, and Welsh and Narrum at rearwards. Thus far, in league competition, Pomona has lost to Redlands but has taken games from Occidental and Whittier.

Need Friday

Win over Pomona is important to the Bears, as it will be in implication of how strong Tech is compared to Oxy. A decisive Friday night win would make Caltech a major contender for the SCIAC basketball crown.

Quo Vadis

The presence of an intercollegiate league for the skiers will include Pomona and while this is incumbent, I really have more work cut out for against the against the Whitmore-Bunch-Patton and Libbey in the General Paths, Montgomery and Cox at the goal positions.

Game time is 8:15 with the preliminary run at 8:00. Both games will be played on the Pomona hardwood.

In a last minute interview with Coach Woody, I was quoted as saying, "If you think this competition may break down and take a shot we're going to beat them.

This it is worth while the Bears can accomplish in the next month, since it is the time.

Bowlers Run Wild in Scoring Monday

Highest score of this year's Intercollegiate Bowling League was recorded this week by Woody Martinhofer of Thoroop as he set a new league record with then added scores of 261 and 252 for a total for the series. This is topped only by Ray Highfield's 265 in 1950, in which case both bowlers are tied. Other big scores this week were Bill Fox of Pomona with 200, Jerry Matthews (TF), 188-68, and 228-171, Dave Rueger with 329-223.

League-leading Richards avowedly won by seven pins of the
