Tech Debaters Host Tourney
A total of 179 persons attended the banquet Friday night which culminated California's championship debate tournament last week.

Dr. Dufairgee welcomed the debaters by Belknap and Dr. Alan Swanson, warning the former not to talk on the topic of defense. "Resolved, that the United States should maintain the basic non-militaristic industries."

California's teams of Ulrich Merl, Robert King, Dick Fallini, each chose the former over Arizona State and the latter over Occidental, UCLA, and the former over Arizona State and the latter over Occidental, UCLA, and the former over Arizona State and the latter over Occidental, UCLA, and the former over Arizona State and the latter over Occidental, UCLA, and the former over Arizona State and the latter over Occidental, UCLA, and the former over Arizona State and the latter over Occidental, UCLA.

Noahs Participate
During the tournament 156 entries were received from 114 institutions. On Tuesday of last week there were 115 entries collected, representing the five most outstanding sets of arguments at any time in the tournament. The first time in different rooms and each time in the House of Commons for judging, division, managers, and officials. More than 250 persons were involved in the tournament.

Other California teams participated for the first time in the national tournament, including Cal, Occidental, UCLA and Cal State, Berkeley, winning a trip from Cal State to be in California's championship debate tournament last week.

Winning Teams
Winning teams for the Huntley-H precinct tournament were: men's, 119; women's, 119; and California's was second in both. The third place was taken by Cranston, winning a trip from Cranston to the national tournament, including Cal, Occidental, UCLA and Cal State, Berkeley.

Tate Bates & Co.
Bucolic Frolic
Tate Bates and prospective students of the College of Agriculture went to the farm at Bates Sunday last Sunday for the semi-annual Bates' Co. picnic. The traditional picnic food was served, with barbecuing and ping-pong to keep everyone busy. The entire picnic was enjoyed to the fullest extent.

Job-Hunter Watch for the report on this year's Tate Bates & Co., Los Angeles inhabitants are in motion to see whether job opportunities for students vary in the year or in the one of the previous issues of Tate Bates & Co.

Qualifications
Eligible for election to Tate Bates & Co. are freshmen, sophomores, juniors, seniors and from the top one of the top ten in 10 of the University's classes and seniors and from the top one of the top ten in 10 of the University's classes and seniors and from the top one of the top ten in 10 of the University's classes and seniors and from the top one of the top ten in 10 of the University's classes.

**SPEAKIN' SPORTS with Mike**

Four seniors hung up their Wilsons last Saturday night in completion of their college basketball careers. Every one of them serves our thanks and appreciation of a well-played season, even though the team was not too successful on the scoreboard. The uniforms of Cox, Montgomery, Dorem and Baker will be hard to fill—the epitome they showed is impossible to replace.

Spike's

"Talkin' ball, we are pleased at the performance of our lower class Septs running off with the honors. Behind the scenes, however, we saw where a mere five seniors first-played their theme in a second place in the meet. Do as this it may, the youngsters proved to us that maybe conference fore have something to worry about—not only this year, but the next and the next. Although the yearlings didn't do too red hot, we ought to keep our eye on the sprite men of the class of '52—it seems to me that a couple of those setts of spikes will turn (Continued on Page 4)

**Hardwooders Drop Two; Finish Season In Cellar**

By Jack Scovell

Ending the 1950 basketball season was not exactly a blast of glory, the Caltech varsity dropped their last two games last week 34-24 to Pomona and 35-41 to Occidental.

**Pomona Defense**

In the Pomona game last Wednesday, a tight defense by the Sagehens prevented the Tech guards from working moving plays. Thorne Butler had trouble scoring with his usually deadly hook shot and was held to 10 points for the evening.

Willie Cooper of Caltech was the big gun, going wild for 20 points during the game while also playing a fine defense.

Pomona scored first, and was never outdistanced, but the Beavers were held from turning in a defeat.

**Oxy Wins**

Although Occidental won the league final, they were forced to come from behind in the last minute.

**Track Preview**

**BY A NOSE!**

By Pete Mason

To wander about for a minute, it looks like the U.S. has finally got some distance men. We usually lose anything over the 880 in international competition, the advent of Shine, Wellish, Geilmann Oberhaden, McAl and Church is welcome.

Wills won an 832 two-mile Sat., however, while Church, who is still ill college, ran a 9:22. Much fun a record-breaking 411 miles to help Michigan State win the National AA indoor truck meet.

We go into the middle distances this week with the Tech men who are running the 880 yard and 880 yard dashes.

1400 yard dash. Loss of all four of our good 1400 yard men this year, but some good material is coming up to replace it. Well, Edwards and Oller Carlson have both done 5:37 while Pomona and Cook aren't far behind. Competition is rough, though, mostly in the form of "Ballet Hill" Parker of Oxy, who has run about 8:3. Also in the run.

(Continued on Page 4)

---

**Sophomores Win; Four Track Marks Fall Five Fighting/Seniors Draw Second Juniors Draw Third; Frosh Fourth**

Last Saturday saw the Sophomore track men humble their elders and juniors by a decisive score at Caltech Athletic Field in the most lopsided meet. Led by Pillingon in the mile, Irwin in the hurdles, Porre in the 880 and Noble in the javelin, and backed by lots of depth, they managed to gather 35 points to the Seniors 16%, the Juniors 49% and the Frosh 21%.

Individual stand-out was Dwight Schroeder, running for the Seniors. Dwight took first in the 100, low hurdles, and broad jump, and ran on the victorious Senior relay team.

Coach Laffler's crew didn't get too many races to run, he expected, but four did fall and speaker was told. "That put the show off 9:3 1/2, Dwight Schroeder ran in the hurdles, and Pete Mison ran the mile in 9:58. All of these bare exciting records by a considerable margin. In addition, Bill Irwin ran the high hurdles in 14:3 to the existing record. Close to the record was the Senior 880 runner, which was won with a good time of 1:35. 37 sec. Existing record is 1 min. 33 sec. This time was remarkable in that two of these men, Oller and Schroeder, were sprinters. Town and Walt did an excellent job of sprinting to get this good time.

**Freshman**

Another stand-out was Freshman printer Pat Fazio, who won the 100 and took second in the hundred. Pat should score himself the team plenty of points in intercollegiate competition.

**Scores**

100 yard dash: Schroeder (S), 10.4; Flagg (J) 10.6 sec. (P) 10.6 sec.

400 yard dash: Collins (S), Walker (F), Moore (S), 51.8 sec.

880 yard dash: Edwards (J), Cooney (F), Collins (S), 2:10.4 sec.

1500 meter run: Fazio (F), Johnson (F), Taggara (O), Dickerson (F), 4:18.4 sec.

3-mile mile: Minton (J), Pillinger (S), Cobb (J), Langton (O), 11:21.5 sec.

1-mile mile: Minton (J), Pillinger (S), Cobb (J), Langton (O), 4:18.4 sec.

600 yard hurdles: Irwin (S), 15.9 sec. (P) 17.0 sec. (J)

110 yard hurdles: Irwin (S), 17.4 sec. (P) 18.0 sec. (J) 18.6 sec. (O)

"Men's Dynamic Fashion"
Caltech Fellowship Discusses John 12

Next week’s discussion of the Caltech Christian Fellowship will be in the twelfth chapter of John. John 12:20-28 reads: “Unless a grain of wheat falls into the earth and dies, it remains alone; but if it dies, it bears much fruit.”

The group meets at 12:30 in 2J1 W. Bridge on Tuesday and Thursday from 12 to 1 p.m. The meetings are open to all and is voluntary to take part in these discussions.

BIO CLUB PLANS

(Continued from Page 1) personnel desert travelers in comparative ease and safety. The party and camping by other points of interest on the way to the Mono Lake area to the Kofa Mountains or a short run into Mexico are under consideration.

Participants Share

The number of participants in the trip is limited by the number of those who are willing to take their cars and accept riders. In the past it has usually been possible to provide rides to all those without their own transportation, and it is hoped that this will again be the case. Since camping and cooking equipment are needed as well as means to do the work, riders are usually also necessary.

Unexpensive

As per a letter surprisingly small, since the cost of cooking and gas and oil are divided among each car group. Last year’s four day trip to Kofa resulted in a cost of about $3 a man, not much more expensive than staying in Phoenix for the same period. Of course, the individual per diems for food and gas and the mileage obtained on different cars lead to some variance. Nevertheless, it seems possible to keep it less than $5.

Since it is desirable to get plans for the trip completed as soon as possible before the final rush, persons interested in taking part should sign up immediately. Either get in touch with Bravo, Khan, Moore, Fleming, 72, or Charles Eutree, Blocker 21, personally, or leave a note in the B hall in lower Throop. Please state your name and car number and how many others you can take with you.

king. For even if east has the advantage in speed, west has it with, they thereby forcing out such a wind. Stormy weather persists over the area in possession of the two high pressure areas, one in the southern region and ten-to take tricks with.

New Fellowship Established

Dr. Lee A. Dubridge announced last week the establishment of a Graduate Fellowship in work in the field of Biochemical Genetics.

The Fellowship, which is co-sponsored by the McInnes Foundation in cooperation with the Nutrition Foundation, provides for tuition, living expenses and research supplies—a total of $2000—a grant of interest for the final year. The first two years are supported by the fellow.

Mr. McInnes is president of the Flak Products Corporation, New Brunswick, New Jersey. Last week’s barn dance with Rickard’s was especially notable for the good band and tasty fare, and the number of Al’s in the Flaming Comit. Rickard won both this and the Coon race, though both were run by the narrowest possible margin.

God! Bount Lady (in a selling station): “I want some all.”

Attendant: “What kind, history?”

Bount Lady: “You imperious pop!”

God! I rose and gave her the seat, and the “bount” woman made me think of my mother.

With the strap there in her hand.

PEACE PROBLEMS

(Continued from Page 1) feature such discussion leaders as: Andre Mass, professor of International Relations, Claremont Men’s College, Henry O. Hirsch, Humanities professor at Pomona College, and B. C. Mitchell, who recently returned from Hungary, where he served for two years with American Friends service in liaison with the Russians.

Peace Question

General questions concerning foreign relations, existence, purposes, will, Eastwards, the US, and internationalism will be discussed.

Friday’s meeting begins at 6:30 p.m. on Saturday at 9 a.m. Among organizations participating are: American Friends Service Committee, National Student Association, National International Affairs Commission, and World Student Union division of United World Federation, and other college organizations.

Egged!

Client (pounding): Some walk up these Twelve flights. Lawyer. Why didn’t you take it easy? Client: I meant to—but I missed it.

God! “I’m proposing to the last night and I’m at sea at him.”

You ought to have heard what he proposed.

TRACK REVIEW

(Continued from Page 3)

ning are Smith and Newton of Whittier, who have done fine and fine, respectively. Rumor is that the East four-man mile team has both 2:20 this year, which means an average of 56s. No surprising, since John Jones has been and Dave Kissel are probably running this event.

Myyard dash. Again we lost all of our top men in the event. This time last year Bob Flakos with an 11.4 finish followed by Peter Mason with 236. Walt Erdwachs, Ray Bonneman and Frank Deck are also running in the event. Again Oxy is the big threat with John Barnes (15.8) and us last year, Dave Kissel and Cottrell. Also Junior of Whittier has run 2:07:28 in a Fresh and may prove this year.

FRONT BURNER

(Continued from Page 2)

plays given to their original language—all of these are being used throughout the country by professional, community, college and high school theaters, in observance of this special month.

This year’s International Theater Month is especially important as its success serves to dictate the possibility of establishing the project on a global basis. Immediate goals of the March are: (a) popularization of UNESCO’s ideals and (b) the project of “A Theater for the Children of a Century”.

The book “Theatre of America’s Negroes” may be the cultural force in the life of America and America.

SPEAKIN’ SPORTS
